

HOW TO LOG INTO YALE CAREER LINK - <https://yale-csm.symplicity.com/students>

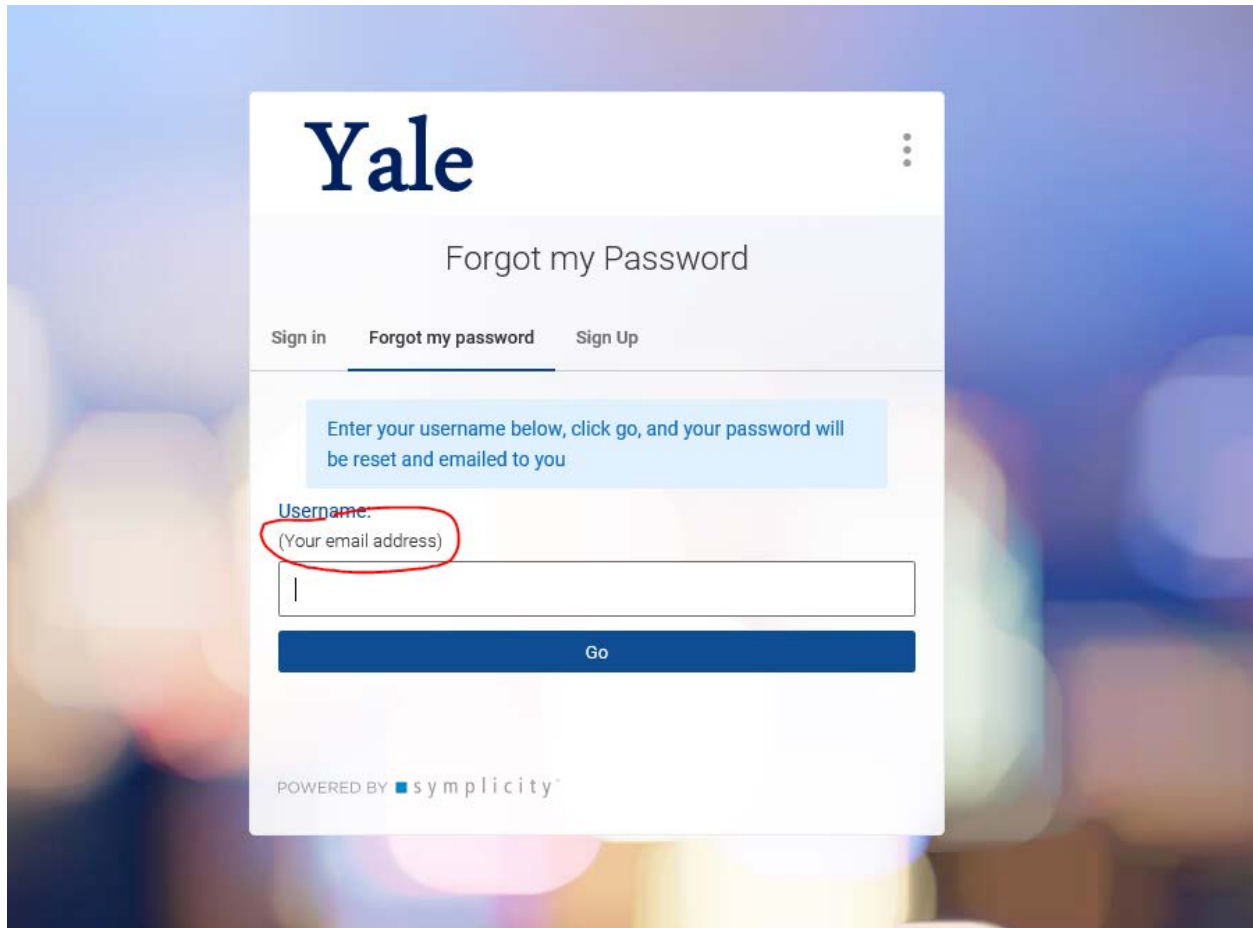

Yale Career Link is a career management portal that will allow you to:

- Make an appointment with an OCS advisor
- View a job posting system
- Participate in the On Campus Recruiting Program
- View and Attend Hundreds of Employer Events, Career Fairs and OCS Workshops.
- Use the Peer Networking Lists

1.As a Yale student, you already have an account so you do not need to sign up for an account. Go to the Sign In section. The first time you log in, select Forgot Password (see page 2). Remember your username is always your yale email address.

2. The first time you log in (as well as any time that you forget your password), simply hit forgot password and you will be brought to this screen. When you enter your Yale email and hit go, you will receive via email a new password and can then proceed to log in.

The image shows a mobile application interface for Yale. At the top left is the Yale logo. Below it, the text 'Forgot my Password' is centered. There are three navigation options: 'Sign in', 'Forgot my password' (which is underlined), and 'Sign Up'. A light blue instruction box says: 'Enter your username below, click go, and your password will be reset and emailed to you'. Below this is a label 'Username:' followed by '(Your email address)' which is circled in red. Underneath is a text input field with a vertical cursor. A dark blue button labeled 'Go' is positioned below the input field. At the bottom, it says 'POWERED BY ■ simplicity'.

3. Here is what you will see when you log in (see page 3).

- Home
- Jobs
- My Profile
- Documents
- Events
- Interviews
- Professional Experiences
- Advising Appt
- Employers
- Surveys
- Resources
- Advising & Calendar
- My Account

## Fall 2020: Office of Career Strategy Open Remotely

All Services Available

[Visit our FAQs](#)

**Career Interests:** Take a few moments to complete your career interests, which will allow this system to show you jobs and events aligned with those interests. These can be updated at any time under My Account, Academic Tab!

**Attention!** Please do not schedule multiple appointments within a two-week period for the same appointment type.
