

Summer Experience Award – Sample Correspondence, Summer 2021

NONPROFIT – Subject: *Yale Student with Funding seeking Summer Opportunity*

Dear [name of person],

I am currently a Yale first year student planning to pursue a degree in Environmental Studies. My reason for reaching out is that I have secured funding from Yale for a summer internship in the nonprofit sector and am very interested in working for your organization at no cost. I am looking to secure a substantive internship this summer that will allow me to pursue my interest in climate change and improve my research skills.

Given the current environment, my funding will allow me to pursue either a traditional or remote engagement for this summer. I am especially interested in your organization due to the impressive work that **Organization XYZ** has made regarding sustainability initiatives for the environment. I am writing to see if **Organization XYZ** needs help this summer and if my background may be a good fit to help you fulfill this work. I have attached my resume to this email for your reference. Thank you in advance for your consideration.

Sincerely,
